

Mr. DeWayne Creighton  
Charleston Corporation  
U.S. 6 and Dogwood  
Bremen, Indiana 46506

Re: 099-10918-00037  
First Administrative Amendment to  
Part 70 099-6954-00037

Dear Mr. Creighton:

Charleston Corporation was issued a permit on January 14, 1999, for a fiberglass motor vehicle parts and accessories manufacturing operation. A letter requesting a correction on the Part 70 Quarterly Report form was received on May 5, 1999. Pursuant to the provisions of 2-7-11 the permit is hereby administratively amended as follows (bold emphasis added to new language):

1. The description of applicable facilities on the Part 70 Quarterly Report form on Page 38 of the permit is inconsistent with permit condition D.1.1. The report form incorrectly includes six (6) fiberglass grinding booths as a source of VOC emissions. The limit description on the report form shall be corrected as follows:

Facility: seven (7) gel coat booths (ID Nos. GC1 through GC7); **and** four (4) resin/chopper booths (ID Nos. C1 through C4); ~~and six (6) fiberglass grinding booths~~
2. The description of the limit on the Part 70 Quarterly Report form on Page 38 of the permit is inconsistent with permit condition D.1.1. The report form specifies the wrong basis for determining VOC emitted from the gelcoat and resin chop booths and incorrectly includes six (6) fiberglass grinding booths as a source of VOC emissions. The limit description on the report form shall be corrected as follows:

Limit: The total usage of volatile organic compounds (VOC) from the seven (7) gel coat booths (ID Nos. GC1 through GC7); **and** the four (4) resin/chopper booths (ID Nos. C1 through C4); ~~and the six (6) fiberglass grinding booths listed in section D-2~~ shall be limited to no more than 244.48 tons of VOC per twelve (12) consecutive month period ~~based on a maximum of 17.2% by weight of the gel coat (containing a maximum of 35.45% styrene monomer) usage being emitted and a maximum of 7.8% by weight of the resin (containing a maximum of 36.12% styrene monomer) usage being emitted.~~

All other conditions of the permit shall remain unchanged and in effect. Please attach a copy of this amendment and the following revised permit pages to the front of the original permit.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Janusz Johnson, at (800) 451-6027, press 0 and ask for extension (2-8325), or dial (317) 232-8325.
